Chinese Force Reaches Burma Battle Front

Situation Around Pivotal Town Of Toungoo Still Remains "Critical"

Japanese Also Bringing Up Reinforcements To Aid Burma Offensive

CHUNGKING, March 28.—The situation around the pivotal town of Toungoo in central Burma remains "critical," but the battle of Burma, itself, looks better for the British and Chinese forces than it has, authoritative sources said today.

This improved situation in Burma is primarily due to the fact that two defending forces have been able to coordinate their lines into two parallel defensive arguments, thus preventing the advancing Japanese from cutting behind the force defending the road to Prome.

Chinese reinforcements arrived on the scene late last night, still further strengthening the situation at Toungoo.

PA NEW OBSERVES

Churches of New Castle and Lawrence county are preparing for the observance of Palm Sunday tomorrow. Many inspiring services have been arranged. A week from Sunday is Easter.

Yesterday we got some onion sets set out in the garden, and some lettuce, beet and celery seed planted.

New 1942 license plates are due on all autos on next Wednesday, April 1. The state has announced that no extension will be granted.

Weather conditions are becoming such that it is expected work of removing the rails from the streets can be started. The expectation is that the rails will be lifted this summer. Many of the streets where the rail removal is scheduled are in need of repaving and resurfacing.

London Report Says U. S. Subs Get 36 Ships

(BULLETIN)

International News Service

LONDON, March 28.—Hard-hitting submarines of the United States Asiatic fleet have sunk 36 Japanese warships, transports and supply ships in less than three weeks, the London Evening Star reported today in a dispatch from Sydney.

Included in this total were said

to be one aircraft carrier, five destroyers and 30 transports and supply ships.
In addition, five cruisers and another aircraft carrier were said to have been damaged, along with another 30 transports and supply ships, bringing the total sunk or damaged to 72.
Other United Nations submarines, not American, were said to be operating successfully.

U. S. Fliers In Australia Convinced Japs Don't Attack Unless They Outnumber

By PAT ROBINSON

International News Service Staff Correspondent

SOMEWHERE IN AUSTRALIA, March 28.—American pilots in action in this embattled south Pacific area are convinced that the Japanese never attack unless they feel sure they have numerical superiority.

When the odds are as little as two to one in their favor they invariably get licked. In one recent operation eight American pursuit pilots intercepted eighteen Japanese bombers and downed nine of them.

Let Lieut. Marion Fuchs of Lovington, New Mexico, a tall slender blond kid who looks forward to air battles like most people anticipate a theatre or a football game, tell about it:

"We were warned that these yellow babies were on their way and we went up to get them."

"There were besides myself Lieutenants Roger Williams of Sterling City, Texas, Elwin Jackson of Kingfisher, Okla., Paul Gambonini of Peraluma, Cal., and four other new men whose names I don't know."

"The Japs came along at about 18,000 feet and we dropped down on them from about 20,000."

"Their bombers are much easier to destroy than ours. My pals had dropped three Japs in flames before I got a crack at them."

"I picked the nearest plane and

Plan For Army Day Observance

New Castle will join with the other cities of the United States in observing Army Day on April 6, it was announced today. Ivor V. Davis, chairman of the Army Day celebration here stated that plans had been started looking towards a huge parade here, to be followed in the evening by a mass meeting in one of the auditoriums.

A meeting has been called for Monday night at which time representatives of various groups will be asked to sit in and lend their efforts to making the Army Day celebration a success.

Report At Least 25 Jap Bombers Are Shot Down

(International News Service)

WASHINGTON, March 28.—The crack American-Filipino marksmen on Corregidor Island have shot down a total of at least 25 heavy Japanese bombers since the outbreak of the Philippine conflict, an official tabulation disclosed today.

Since the "almost continuous" Jap bombing raids began last Tuesday Corregidor's anti-aircraft batteries have shot down at least 8 heavy bombers.

In previous enemy raids in December and January the gunners knocked out more than 17 powerful enemy aircraft, while inflicting damage on an undisclosed number of others.

MORE GRASS FIRES REPORTED FRIDAY

Several more grass fires were reported Friday, by city firemen, three calls being received; two from Etna street at 4:30 and 10:25 o'clock; and one from Big Run street, at 6:05 p. m.

Firemen were also called to 1307 Moravia street, earlier in the day, when a short occurred in the wiring of an auto owned by Jacob Goling. Damage of \$10 resulted.

Commando Raid On St. Nazaire

British Unit Makes Visit To French Coast Early This Morning

(BULLETIN)

International News Service

LONDON, March 28.—A unit of Britain's swift-striking commando forces carried out a "small raid" at St. Nazaire on the French coast in the early hours of this morning, it was officially announced this afternoon.

St. Nazaire is on the French coast and before the German occupation was one of France's leading naval bases and shipbuilding yards.

A communiqué said:

"A combined operation was carried out in the early hours of this morning by units of the three services (land, sea and air) in a small raid on St. Nazaire."

"A further communiqué will be issued as soon as our forces return."

The German radio claimed that a party of troops with naval escort had attempted a landing at St. Nazaire but that German land batteries had shelled and destroyed the naval units and that parachute troops had annihilated or rounded up the commandos. There was no comment regarding the German claim.

LONDON, March 28.—In an apparent attempt to bottle up the German submarine fleet based there as Admiral Sir Roger Keyes did at Zeebrugge in the last war, British land, naval and air units early today raided St. Nazaire on the (Continued On Page Two)

MOSCOW, March 28.—Seizing the initiative from the Arctic Ocean to the Black Sea, the Russian war machine today had the invading Nazi forces stunned and set back on almost every point of the 2,000-mile fighting lines.

In one of the most amazing military feats of the entire war, the Red Army landed Soviet troops behind German lines on the Arctic front near Murmansk, the Moscow radio reported.

Break Nazi Offensive

These troops already were credited with breaking up before it started, a strong German offensive in the area after that offensive was pieced off from gaining headway by another Soviet force landed earlier, it was stated.

The British radio, reporting further details, declared the Soviet troops landed in Motovski Bay under protection of the Red Air Force, which shot down 13 German bombers while inflicting no losses itself.

Independence Is India Demand

By BETTY GRAHAM

International News Service Staff Correspondent

ALLAHABAD, India, March 28.—Great Britain can solve "the India problem" only by granting this nation its independence and taking immediate steps to transfer real political power from London to New Delhi.

Promises for the future will be rejected.

Even if granted that freedom, India might not be able to put up "armed, mass resistance" against possible Japanese invasion, for most of the Indian masses have never seen a gun.

Those were the major observations given me today by Pandit Jawaharlal Nehru, leader of the Indian National Congress party, in an exclusive interview at his Allahabad home, it was the first interview Nehru had granted since Sir Stafford Cripps undertook his mission to India to erase, if possible, the differences between this nation and the British government.

Nehru said it was impossible to predict the outcome of Sir Stafford's conferences with Indian leaders, but he was firm in his conviction that no compromise short of independence would be accepted.

V. F. W. Post To Give Service Star Emblems

In cooperation with The News, Neshannock Post No. 315, V. F. W., will give away to families who have men in the armed forces, a handsome service star emblem, distribution of which will be made from The News.

Starting at 9 o'clock Monday morning, Miss Hazel Cummins, daughter of Past Commander Earl B. Cummins, will be at a desk in the lobby of The News, and will give out these emblems, which are of white cardboard, six by nine inches, with a red, white, and blue border. In the center is a star, blue for men in service in the Army, Navy, or Marine Corps, who are stationed within the boundaries of the United States; silver for men in service outside the continental United States, or on the high seas; and gold for those who have made the "Supreme Sacrifice." There are combinations of these where more than one is in the service.

During World War One, thousands of these emblems were seen in Lawrence County homes, where there were men in the service, and Neshannock Post 315, would like to see this custom followed. This is one of the services the V. F. W. is offering to families with men in the service, and Lawrence County residents are invited to make use of the post's service and welfare facilities. These emblems will not be given to children.

Near Goal In Fund Raising

Over \$28,000 Already Raised On Fund Needed For New Industry

At noon today the money raising teams appointed by the G. N. C. A. to raise \$35,000 for the final release of the old steel mill property had \$28,000 in hand.

The additional \$7,000 has been advanced to the fund and a check for \$30,000 is ready for J. M. Dietrich, the former owner of the scrap on the property. One check for \$5,000 has already been given to him. The teams are confident they will raise the needed \$7,000 to repay the advance.

The work of raising the money was done speedily and efficiently. Started but three days ago the job has been completed with the exception of the \$7,000 needed and this will come shortly.

Corregidor Target For Vicious Aerial Attack By Japanese

By JOSEPH A. BORS

International News Service Staff Correspondent

WASHINGTON, March 28.—Japan's best bombers today are subjecting fortified Corregidor island to the most vicious and prolonged aerial barrage ever directed against an American military outpost.

Yet the word from Lieut. Gen. Jonathan M. Wainwright is that Corregidor is holding out and that its batteries continue to dominate strategic Manila Bay after 16 weeks of warfare in the far Pacific.

Seek To Level Corregidor

The Japanese obviously are bent on leveling Corregidor because they want to capitalize on their early gains and because it has become a symbol of American determination to triumph over aggression.

Gen. Tomoyuki, commander-in-chief of the invading forces in the Philippines, wants to plant the Rising Sun banner on Corregidor as soon as possible.

G-Men Stage Early Morning Raid On German Seamen's Home In Hoboken

(BULLETIN)

International News Service

HOBOKEN, N. J., March 28.—A short wave transmitter, and a quantity of subversive literature was found today in the German Seamen's Home in Hoboken by 54 G-men who staged an early morning raid, holding 62 to 65 persons for questioning.

The transmitter was found concealed in the room of one of the alleged seamen in an intensive search of the building which included emptying dresser drawers, tapping walls and even ripping apart a few mattresses.

The federal agents who were still conducting their search and their questioning of the home's occupants found short wave receivers in the building.

American And Filipino Troops In Several Raids On Japanese Forces

WASHINGTON, March 28.—Lieut. Gen. Jonathan M. Wainwright's American and Filipino troops went into action against the Japanese on Bataan and Mandan Islands today as the stubborn gun crews on Corregidor Island beat off an "almost continuous" air bombardment for the fourth successive day.

Continuing bombing raids which began at dawn yesterday, the Japanese subjected Corregidor to virtual non-stop onslaughts but crack anti-aircraft gunners drove the enemy planes wide of their target.

Night Raids Fail

There's a urgent sort of odor in the air, its an odor I associate with spring, its the smell of burning twigs and leaves and grass, with some odds and ends of paper and of string. Its a sign the neighbor folks are on the job, clearing up the mess that winter always leaves, piles of twigs clipped from the hedge along the lawn, flower stalks and deadened grasses piled in sheaves. Its the odor that I relish every spring, for it usually means winter days are through, as the neighbors pile and burn their yard debris, weather's chilly just a bit and forty two.

Italian Radio Reports Naval Force Passes Cape Of Good Hope

BRITAIN SILENT ON ROME REPORT

(BULLETIN)
International News Service
ROME, March 28.—(By Official Italian Wireless)—A major British naval force yesterday passed the Cape of Good Hope, the southernmost tip of Africa, en route to the Indian Ocean, the Italian radio declared today.
The powerful force was said to have included two large battleships, two aircraft carriers, several cruisers and a number of smaller units.
With the occupation of the Andaman and Nicobar Islands in recent days, Japanese warships have been appearing with increasing frequency in the Indian Ocean. Other reports said that Japanese warships had been sighted near Raungoon.
Japanese submarines have been operating in the Indian Ocean for some weeks.
There was no comment from London about the Italian report.

"I saw I had hit my Jap but he was still flying so I made another pass from the opposite side. This time he seemed in real trouble and I caught him with a third burst from the rear.
"Now his plane was all aflame and down he went.
"Apparently it is almost impossible for them to bail out from their burning planes, and as for their Zepps—they never have a chance. These are easy to destroy.
"One of our planes was damaged and ducked back to base.
"Meanwhile the Japs were climbing higher than we could go and eventually nine made their escape in the clouds, but we were well satisfied with our day.
"On another mission, 22 of us tore a Japanese landing party. We caught fifty barges unloading troops from transports and sank about half of them. Despite a terrific ack-ack barrage we dove down to within fifty feet, strafing them right and left. The carnage among them was terrific.
"Most of our planes were hit but we continued to give them hell. My rubber cables were shot away so I flew just using the stick and got back safely.
"That was one sweet party."
This type of story is typical of the American heroes returning from battles. But little has been written thus far of the men during those trying hours before new war-birds take off for their first conflict with the Japanese.

inforcements, as well as the news of the capture of the airport eight miles north, the Chinese expeditionary force, fighting under command of Lieut. Gen. Joseph T. Stilwell of the U. S. Army, were still in a "serious" situation.
Japanese forces on the north, west and south of Tougoo were also reinforced, and fierce, no-quarter fighting ensued.
The Chinese set up a "defense in depth" after destroying much of the town itself, in order to gain a clear line of fire. The reinforcements were said to have poured into gaps in the outer defenses of the town just in time.
The Japanese high command claimed for the third time to have taken Tougoo.
Counter-Attack
Meanwhile, the Chinese were counter-attacking. Jap reinforcements arriving at the Tougoo airport, an official communique revealed. The Japanese detachment which held the airfield were "liquidated," the report said, and all further enemy advances in the sector were being repelled.
The communique continued: "The Japanese continued to bring up reinforcements to the Tougoo front, but up to the night of March 24 Chinese troops continued to hold the Japanese in the vicinity of Okwin and Tantan, south of Tougoo."
"After the arrival of Chinese reinforcements the morale of the Chinese defenders mounted, with the result that severe fighting is presently in progress."

CORREGIDOR TARGET FOR VICIOUS AERIAL ATTACK BY JAPANESE

(Continued from Page One)
aimed at knocking off Corregidor with a two-fold purpose. First, military observers believe that with the Philippine bastion subdued, Japanese naval forces will be able to harass Wainwright's hardy defenders from the rear with withering fire from naval units and, second, the Japanese are sorely in need of a first-rate operating base such as Manila Bay. Bases further to the south, it was pointed out, are now feeling the sting of United Nations bombers and are not necessarily tenable.
Feverish Bombing
Hence the feverish night and day bombing of the tiny but powerful island fortress which American naval forces by-passed so neatly when they trapped the Spanish fleet in Manila Bay more than 40 years ago.
But after nearly 20 large-scale bombing attacks since the outbreak of the Pacific war, Corregidor remains a most stubborn obstacle to the Japanese and the key to the unprecedented defense of nearby Bataan Peninsula.
So long as Corregidor holds out, "Skinny" Wainwright's American and Filipino forces can concentrate their fire on the enemy's land forces without fear of a sea-borne attack from the rear.
The current, intensified aerial pounding of Corregidor already has exceeded the so-called all-out Japanese bombing attack upon the fort early last January.
First Raid
On Dec. 29 the first "feeler" raid took place, and in that 27 persons were killed and 80 wounded on the island.
Beginning Jan. 3, the Japs sent waves of 20 to 60 bombers over Corregidor for five consecutive days, but they gave up after losing at least three planes in each raid.
Except for one minor raid, Corregidor and its defenders got a long rest after that, an American and Filipino forces had time to repair damage and prepare their batteries for further assaults.
Just to break the monotony, defending artillery men duelled for weeks with concealed enemy batteries on the Cavite shore, but they knew that the aerial attacks would be renewed—and they were after Wainwright ignored a Jap surrender demand last Sunday.
Referring to the bombing of Corregidor, military experts expressed the belief that the Japs meant business this time "while the war department indicated the enemy is preparing for an all-out assault on Bataan."

since the Japanese began their all-out aerial attack against Corregidor last Tuesday. One Japanese heavy bomber was reported shot down in the latest attempt.
On Bataan, one of Gen. Wainwright's patrols staged a successful night raid while the artillery on the peninsula pounded truck concentrations and hostile batteries, causing numerous enemy casualties.
Artillery Active
At the same time, artillery batteries on Corregidor and the three companion forts across Manila Bay directed their fire at Japanese gun emplacements on the Cavite shore.
The shelling of Jap truck concentrations on Bataan indicated that the Americans were attempting to break up enemy movements which the war department said yesterday forecast a renewed offensive.

Text Of Communique

Text of the army's 165th communique follows:
"Philippine Theater.—Corregidor Island was under almost continuous air bombardment during the afternoon of March 27. Our anti-aircraft artillery forced enemy bombers to fly at such a high altitude that hostile bombing proved very inaccurate, causing practically no damage to our installations. The enemy attempted night raids, but the Japanese planes were picked up by our searchlights and hastily fled after dropping their bombs in the bay. One heavy enemy bomber was shot down by our anti-aircraft fire.
"In Bataan enemy patrols were particularly active. A successful night raid was carried out by one of our patrols. Our artillery fired on troop and truck concentrations and on hostile batteries. One Japanese battery was silenced and numerous casualties were suffered by the enemy.
"In the vicinity of Zamboanga, on the island of Mindanao, our patrols penetrated the enemy lines to within one kilometer of the city where an outpost was successfully raided. Our troops sustained no casualties in this encounter.
"There is nothing to report from other areas."

DEATHS OF THE DAY

Mrs. Sarah Elizabeth Seator
Mrs. Sarah Elizabeth Seator, aged 86, widow of the late Harvey Seator, passed away at the home of her daughter, Mrs. Ben G. Swick, in Darlington township on the New Galilee-Darlington road, about 8:30 o'clock Friday evening after only a few hours' illness. Mrs. Seator suffered a stroke late Friday afternoon.
Born in Westmoreland county, Pa., on October 6, 1855, a daughter of the late James S. and Amanda Court McQuaid, she had been a resident of Beaver county for the past 73 years and was widely and favorably known in her community. They pulled out two safe drawers police were told but fled without getting any money. It had been placed in Manager W. R. Fullerton's desk. No description of the reported robbers could be given by the girl.

CORREGIDOR GUNS BEAT OFF BOMBER RAIDS BY ENEMY

(Continued from Page One)
since the Japanese began their all-out aerial attack against Corregidor last Tuesday. One Japanese heavy bomber was reported shot down in the latest attempt.
On Bataan, one of Gen. Wainwright's patrols staged a successful night raid while the artillery on the peninsula pounded truck concentrations and hostile batteries, causing numerous enemy casualties.
Artillery Active
At the same time, artillery batteries on Corregidor and the three companion forts across Manila Bay directed their fire at Japanese gun emplacements on the Cavite shore.
The shelling of Jap truck concentrations on Bataan indicated that the Americans were attempting to break up enemy movements which the war department said yesterday forecast a renewed offensive.

Text Of Communique

Text of the army's 165th communique follows:
"Philippine Theater.—Corregidor Island was under almost continuous air bombardment during the afternoon of March 27. Our anti-aircraft artillery forced enemy bombers to fly at such a high altitude that hostile bombing proved very inaccurate, causing practically no damage to our installations. The enemy attempted night raids, but the Japanese planes were picked up by our searchlights and hastily fled after dropping their bombs in the bay. One heavy enemy bomber was shot down by our anti-aircraft fire.
"In Bataan enemy patrols were particularly active. A successful night raid was carried out by one of our patrols. Our artillery fired on troop and truck concentrations and on hostile batteries. One Japanese battery was silenced and numerous casualties were suffered by the enemy.
"In the vicinity of Zamboanga, on the island of Mindanao, our patrols penetrated the enemy lines to within one kilometer of the city where an outpost was successfully raided. Our troops sustained no casualties in this encounter.
"There is nothing to report from other areas."

HUGE RUSSIAN WAR MACHINE STUNS GERMANS

(Continued from Page One)
were credited with sinking a German destroyer in the Arctic Ocean, and damaging a second destroyer.
Today's official Russian communique did not mention the landing of the forces behind the German lines, but reported only that there had been no substantial changes on the front overnight.
German Plans Foiled
Reports reaching the Soviet capital said the Germans had planned to drop parachute troops on Murmansk, the vital seaport, and that the mass air raids of Tuesday were to have been the opening move in the campaign to choke off the stream of war supplies now coming through that port from Britain and the United States.
But the air raids were a signal for the Russian counter-offensive. Soviet troops were landed behind the German lines of Rybachy Peninsula, putting north of the old Finnish border, with the Red navy and air force cooperating in a perfect operation which threw the enemy into "vast confusion."
The Nazi land forces, however, offered serious resistance to the Russian army, and the Germans threw in dive bombers in desperate efforts to dislodge the landing parties and drive them into the sea.
Land Fighting Continues
Meantime, fighting on land down the far-flung front southward to the Black Sea continued unabated.
On the southern wing of the Smolensk front, strong German counterattacks were smashed with heavy casualties despite the presence of thousands of fresh Nazi reserves.
Strong Soviet pressure was being maintained on every sector of the central front. Ten "inhabited places" (the Russian military term for towns which have been converted into garrisons) were reported to have been liberated during fierce fighting in one area.
A belief that the Nazis are running out of fighter planes was expressed by the army newspaper Red Star. To back up its contention, the newspaper said that huge transport planes carrying reinforcements to the trapped German 16th army around Starava Russa were protected "occasionally" by the newest Messerschmitt 115's which were to be saved for later.
Five of these new planes already have been shot down, the Red Star added.

COMMANDO RAID ON ST. NAZAIRE

western coast of France, it was announced today.
A preliminary communique described the raid as a "small one" and there was no immediate comment on German claims that the attack was a failure and that an "old American destroyer" was blown up before she could ram the St. Nazaire locks.
BERLIN, March 28.—(By official German wireless)—An "old American destroyer" laden with explosives blew up and a fleet of British motor torpedo boats was routed in an attempted raid on the French submarine base at St. Nazaire, the German high command asserted today.

LUNCHEON PARTY FOR SPOON CLUB AT SMITHS'

A simple 1 o'clock luncheon, was enjoyed by members of the Spoon club Friday afternoon, in the home of Mrs. James M. Smith, Highland avenue.

A tasty menu was served by the hostess, with Mrs. E. M. Underwood, aiding.

Attention was given to contests in bridge afterwards, with Mrs. J. Norman Martin and Mrs. S. W. Perry, Sr. winning prizes.

In two weeks, the group will meet again, the place to be announced.

"SPINSTER DINNER" FOR MISS ELEANOR LOWERY

A lovely party of Friday evening was the "spinster dinner" given by Miss Kay Samuelson of Erie, honoring Miss Eleanor Lowery of the Youngstown road, who became the bride of Neil Nelson of Besenmer this afternoon at a home wedding.

The former, a chum of the bride, served her as maid of honor.

The event was held in a tea room, 234 Highland avenue, with the serving of a deliciously prepared dinner course featuring at 7 o'clock. Places were arranged for 12 guests at the banquet table, the bride and groom being cleverly combined with the Easter season, in the appointments throughout.

Miss Lowery, upon her arrival, was presented with a corsage of gardenias by Miss Samuelson.

The time following was spent informally with a series of card contests and other amusements of diversion. Those winning honor prizes were Misses Elizabeth Wallace, Mildred Gresham, Martha Hanna and Catherine Anderson.

An out-of-town guest was Miss Roberta Stewart of Pittsburgh.

JOLLY TEN GUESTS AT OHIO HOME THURSDAY

Motoring to Youngstown, O., Thursday, the Jolly Ten club members were pleasantly entertained at a 1 o'clock luncheon by Mrs. Frank Williams and Mrs. Phoebe Patton, co-hostesses, the event taking place in the home of the former on Glenwood avenue.

Seated at a beautifully appointed table, the group was served a most delicious menu. Informal diversions claimed attention afterwards.

On Thursday, April 11, they will meet at a tea room.

The Parent Problem

By Garry C. Myers, Ph. D.

CHILD NEEDS MORE PLACE GEOGRAPHY

I find that among the things I learned at school when I was a lad from 10 to 14 years of age, are the facts I mastered in geography. At that time I learned, as did most children then, names and the relative locations of the leading centers of the world with their chief cities, rivers, gulfs, bays and rivers. I also learned their relative latitudes and other factors which conditioned temperature and weather.

All these facts serve me in good stead as I read the newspapers and listen to the world news on air.

When I became a teacher and later a trainer of teachers, at which most of my adult years have been engaged, I saw a great change in the teaching of geography. For the last 25 years, indeed, place geography almost disappeared in favor of what was called "human geography." This human geography certainly was more interesting for most children than the place geography I was exposed to. Yet it lacked emphasis on facts about places and their relative positions in the world.

People may say, "Why should we bother teaching children about places on this globe when they naturally learn all that in their everyday experiences?"

The trouble is that most children of today don't learn facts about places incidentally. In one issue of a newspaper or one news broadcast we may read or hear news from many parts of the world. Many a youth today reading the daily paper or listening to news broadcasts, probably, supposes that Batavia is but a few miles from Moscow or London or that Cairo is little farther from Stockholm than is New York from Washington. Names of places most often in the news may mean little more than names to him. Let any reader who doubts this ask teen-age high school or college youths what direction Singapore is from Tokyo or about how far it is between Moscow and London.

Use Of Maps

Now I don't mean to say that only the school should have formal education in place-geography at school have acquired useful and precise geographical information. On the contrary, many adults, and youths, who had little or no school training in place geography, have acquired intelligent geographical information.

Instead of leaving the good old practice of map reading to mere chance interest, the school and home should see to it that the growing child actually does use maps intelligently. Many wise parents have a map or globe displayed in the home and often refer to them in family conversations. In the presence of school-age children parents talk in terms of geographical positions, directions and distances in connection with the daily news. So do wise teachers in the classroom whether they are teaching geography as a school subject or not.

What I am driving at is that the home and school should emphasize place geography continually and that the regular subject of geography at school, while not neglecting the economic and human aspect of the subject, should also give due emphasis to information about places.

Solving Parent Problems

Q. What should we emphasize most with our children in these times?

A. Family affection, understanding, and deep regard by every member of the family, for each other member as a person.

It seems like only yesterday when people were asking "where's our navy?"

Brethren—now you know. Out pasting the enemy. Out feeding his shot and shell. Out plowing through dirty weather in the Atlantic.

Out shoving big teeth down boastful throats in the Pacific. Smile brethren when you ask "where's our navy."

There's plenty of doodlebugging and boondoggling and gold bricking on the home front to raise a yell about but the army and navy are coming through.

They always have. They always will. Thought for the Day: What a fighting force!

HINTS AND DINTS

Sun sets tonight 7:20. Sun rises tomorrow 6:50.

When a man has his hat and overcoat stolen in a church and no coat and hat is left by the one who took it, the loser of the coat and hat is sure that thieves go to church.

When a woman cooks sauerkraut she cooks a lot of it and wants a crowd in to help eat it.

MARCH 12TH BABIES
Up until this morning The Hints and Dints Man paid eight \$5 bills to eight babies born on his birthday, March 12th. The time for paying this expires on Tuesday, March 31. If there are any more babies entitled to the \$5 they will have to claim it before April 1st.

What will happen after the war might not be as terrible as what will happen during the war.

And don't forget you will have April weather to contend with.

General MacArthur is great for what he already has done. We must help to keep him great.

THE CIRCUS PARADE
Did you ever wait for a Circus parade?

And go where it promenades? You wait for just an hour or two; Your kids get restless, so do you. You say, "Why don't it come along? What time is it coming? Is my watch wrong?"

"Which way does it go? Oh! Never again!"

But you hear the band and all is amended.

Then you see the parade as in days of yore.

Was the same darn parade as the year before.

That little boy who was asked what he wanted to be when he grew up and answered, "A Man," sure has the right idea.

You will have to have your new auto license plates by April 1. No extensions.

A South Side man hollered "hey" to a grass widow and she hasn't spoken to him since.

UGHT TO GROW WELL
"Yassah," said the little colored boy, "I named for my parents. Daddy's name was Ferdinand and mammy's name was Liza."

"What's your name, then?"

"Ferdiliza."

"Now, daughter," said an East Side Pap, "is just the man for you. He is a stable citizen." "But, Pap," she replied, "I'm not looking for a stable mate."

"You always have. You always will. Thought for the Day: What a fighting force!"

HE MADE HER MAD

"A nice husband you are," said she as she lipsticked her mouth into a rosebud pattern like the movie favorites have. "You are never willing to take me out nights as you used to. You are always thinking of your work. I believe you think more of your work than of me."

"Oh, no, it isn't so," protested the little man, mildly.

"Oh, yes, it is," she snapped back. "Why, I believe you even thought more of that old dog of yours than you do of me. Look what you did when he died!"

"Well, I had him stuffed," ventured the little man.

"Yes, you had him stuffed," admitted the enraged female of the species. "You wouldn't have gone to that expense for me, and you know it."

Not long ago there wasn't such a thing as a good used tire.

Lots of men would like to work 48 hours a week. Of course those who are getting the pay they used to get for 48 hours and only working 40 hours would rather not make any change.

The people who left their garden hose out in the weather all winter may have to use a sprinkling can this summer—if they can get one.

One of two girls in the bus was reading a newspaper.

"I see," she remarked to her companion, "that Mr. So-and-So, the octogenarian, is dead. Now what on earth is an octogenarian?"

"I'm sure I haven't the faintest idea," replied the other girl. "But they're a sickly lot. You never hear of one but he's dying."

The three things most difficult are: To keep a secret, to forget an injury, and make good use of labor.

Teacher: "Now if I lay three eggs here and five eggs there, how many eggs will I have?"

Skeptical Pupil: "I don't think you can do it."

A famous inventor says four hours' sleep is enough for anyone. That's nothing. Any year old baby knows that.

THE O'D PREDICAMENT
We were in one of the downtown stores the other day when we overheard a couple of women talking after one of them had kept a clerk busy for 10 minutes showing her the stock.

"It is awfully difficult to find just what you want," she said to the other woman.

"It certainly is," was the reply. "And it is especially hard when you don't know what you want."

Nothing has been said officially in recent weeks about the tremendous amount of money we owe ourselves. Perhaps the people are losing interest in wealth.

THE OBLIGING TEXAN
We always like the story of the old Texan who was at a railroad lunch counter. Passengers were hurrying to get a bite to eat. A woman had ordered a cup of coffee. Time was getting short and she wasn't being served.

The Texan pushed his own cup and saucer to the woman, saying: "Take mine, lady; it's already been sauced and blowed."

Self-conscious people are never social successes. You can't be charming while thinking how silly you sound.

We must get tough fast. The Japs are experimenting with disease germs and gas in China; and to fight the Devil with fire, one must have pitch hot.

People shouldn't tell all they know; they won't have time, anyway, if they first know all they tell.

Miss Merkel will promptly mail personal answers to questions from any reader enclosing self-addressed 3-cent stamped envelope.

Japan's Ultimate Fate Is Problem

Nippon Is Different From Germany

Hitler's Land Can Be Sub-Divided

By CHARLES P. STEWART

Central Press Columnist

WASHINGTON, March 27.—What will be Japan's fate when the Mikado and his family are finally ousted? The question is being widely asked as a sequel to the remark by Gen. Joseph Stilwell, Generalissimo Chiang Kai-shek's American military aide, to the effect that he won't be satisfied until Yankee and Chinese troops are in Tokyo together as conquerors, of course.

Nippon's post-war fix promises to be different from Germany's.

The latter country, if and when Herr Hitler is beaten, can be hatched up into quite a multiplicity of too small states to be formidable, considering them separately. And they probably can be kept separate, for they have a great many dislikes of one another. In fact, quite a few of them were absorbed into the Reich only forcibly, and doubtless would be glad to be yanked loose. Adolf did a pretty effective job of federating them for present purposes, but it was a one-man stunt, and there may be nobody else available who can do it over again, once he's bumped off or locked up or chased into exile or some such thing.

The Japs, though, are a cohesive crowd from end to end of their archipelago. Chopped into little supposedly independent groups, they tend to melt back into national tendency to melt back into national solidarity.

Furthermore, they are not dependent, for leadership, upon any exceptional, lone and recent individual. They get their fighting inspiration from their Samurai or military element—altogether too large a class to be extinguished, and dating back before history's dawn. Frequently they are referred to as an aristocracy, and it is true that the aristocracy's membership is picked from the Samurai ranks, but the cult is a lot bigger than that. And when it wants a war, it pulls one off, no matter who objects.

One Bomb, Hitler's End

Herr Hitler could be attended to with one bomb—well placed; not a bungle, like the last one, was atax by payment to officers and employees of huge bonuses as well as huge salaries have stirred public indignation to a point where something new seems certain to be done.

However, recent disclosures by a senate committee not only of outrageous profits by specific firms but of evasion of excess-profits tax by payment to officers and employees of huge bonuses as well as huge salaries have stirred public indignation to a point where something new seems certain to be done.

While it is true that many plants with war contracts are not making excessive profits or paying unduly swollen salaries, it is also true that those which have been revealed as operating the bonus racket and piling up too heavy profits are not isolated instances. The World and the Mud Puddles

EIGHTEENTH CENTURY COLUMNIST

Joseph Addison might be known as the greatest columnist in the history of English publications. Back in the beginning of the eighteenth century, he and Dick Steele published two very interesting publications known as "The Tatler" and "The Spectator." Irrespective of which was the best of the publications, Addison wrote a column every day for "The Spectator." In fact, one great critic spoke of him as having "an exquisite knowledge of the English tongue, in all its purity and delicacy, and a vein of humor, which flowed naturally and abundantly from him on every subject; and which experience has shown to be inimitable."

I believe if one reads, particularly, "The Spectator" he will agree with this critic, and he will find that no modern columnist writes as interestingly and as cleverly as did Joseph Addison.

I was reading the other day his column on "Clubs," and whether or not the founder of the "Rotary Club" ever read this particular column of Addison's or not, it seems as though the rules that Addison reported would be observed in the "Two-penny Club" are pretty well embodied in Rotary as well as in other service clubs that followed the founding of the "Rotary Club." They are so interesting that I have copied them and here they are.

1. Every member at his first coming shall lay down his two-pence.

2. Every member shall fill his pipe out of his own box.

3. If any member absents himself, he shall forfeit a penny for the use of the club in case of sickness or imprisonment.

4. If any member swears or curses, his neighbor may give him a kick in the shins.

5. If any member tells stories in the club that are not true, he shall forfeit for every third lie an half-penny.

6. If any member strikes another wrongfully, he shall pay his club for him.

7. If any member brings his wife into the club, he shall pay for whatever she drinks or smokes.

8. If any member's wife comes to fetch him home from the club, she shall speak to him without the door.

9. If any member calls another a cuckold, he shall be turned out of the club.

10. None shall be admitted into the club that is of the same trade with any member of it.

11. None of the club shall have his clothes or shoes made or mended, but by a brother member.

12. No Nonjuror shall be capable of being a member.

Profits And Wages

Washington, March 28.

IT was almost twenty years ago that Mr. B. M. Baruch evolved his slogan, "Take the profit out of war." He has spoken and written consistently on this subject ever since. No one has disputed the soundness of the idea nor disagreed with the methods he has suggested for putting it into effect.

YET here we are, up to our national neck in a far greater and more deadly war with no move made in that direction. The strange resistance to the lessons of experience which characterizes this administration has prevented elimination of an evil which undermines national morale as it adds to the burdens of the people.

AFTER what happened in the last war, common sense would seem to have made this one of the first of our defense moves. Apparently it is to be one of the last, though public approval of drastic action along these lines at any time would have been practically unanimous. Thus far, except for frustrated attempts by Congress to act, the only indication of interest in the matter has been the White House statement that it is being "considered." However, recent disclosures by a senate committee not only of outrageous profits by specific firms but of evasion of excess-profits tax by payment to officers and employees of huge bonuses as well as huge salaries have stirred public indignation to a point where something new seems certain to be done.

While it is true that many plants with war contracts are not making excessive profits or paying unduly swollen salaries, it is also true that those which have been revealed as operating the bonus racket and piling up too heavy profits are not isolated instances. DURATION GOLFERS

Time was impatient to be one I used to mutter, "Aw! Come on! I'll drop another ball and play." But it's not so with me today. Not so with me, nor will it be until the day of victory. Nor with the Bishop, nor the priest. We'll search the woods an hour at least.

Time was when played a round or two I changed the old ball for a new. I took particular delight in golf balls still unscarred and white.

But for the duration I shall play a ball which once I'd throw away. To scrub it I'll take proper pains. No trace of paint remains.

So with the priest and bishop, too. And all who make our golfing crew. To this resolve we all have vowed. To give up being over the moon. We'll play with golf balls turning black.

And pay no heed to nick or crack. And if by chance one goes astray. Until we find it there we'll stay.

Dear Brother Lion:

Once again we are invited to sit down and break bread with our congenial brethren, the Kiwanians. This meeting will be on Wednesday, April 1, at 6:30 p. m. at the Castleton.

The speaker will be a gentleman from the F.B.I. and we know every member will want to hear him. For those of our membership who cannot possibly attend, we have arranged a "rump session" of the Lions for noon on Tuesday, March 31, at the Castleton. So report for this meeting if you cannot attend on Wednesday evening. One hundred per cent again.

Very truly yours,
Thomas I. Elliott, sec'y.

Girl Scout Leaders Have March Meeting

Local Members To Attend Regional Conference At Harrisburg April 20, 21, 22

Girl scout leaders, members of the local Girl Scout Leaders' Association, met in the First Christian church, Friday evening, at 7:30 o'clock, for their March session.

Mrs. Travis French, president was in charge, and the girl scout cookie sale was discussed. Plans were made for a few members to attend the 22 annual girl scout conference to be held at Harrisburg, Pa., on April 20, 21, 22. "Volunteers for Victory" is the theme of the conference.

A calling committee for next month was appointed to be: Mrs. Russell Miles, Mrs. Nick Mitto and Martha Davis.

Miss Marie C. Hay, girl scout executive secretary, spoke to the group on the various activities of the local girl scout troops and the conference. Samples of candies made in molds were distributed to the members. Two new girl scout songs were sung, with Miss Hay, at the piano.

At the next meeting the subject to be discussed will be wild flowers, and slides will be shown by Clayton Hofmeister, who will also speak on the subject.

Plans are also underway for the

June meeting, and the committee for that meeting includes: Mrs. David Curtis, Mrs. Wanda Martin and Elveta Miles. Taps closed the meeting until April 24.

Series Of Services Planned In City For Holy Week

Lenten Noonday Services Planned

Community Services To Be Held In Central Presbyterian Church For Four Days

MINISTERIAL GROUP ANNOUNCES SCHEDULE

Community services have been arranged by the New Castle Ministerial Association in New Castle churches for the observance of Holy Week. These services have been planned by the committee on evangelism with Rev. D. L. Ferguson as chairman. Other committee members are the Revs. A. M. Stump, who served as committee secretary, H. B. Davis, O. W. Hurst and R. M. C. Griswold, with Rev. R. B. Withers in charge of publicity.

Monday through Thursday, there will be one service each day for the entire city. These will be noon-day Lenten services from 12 noon to 12:30 o'clock, in Central Presbyterian church, on the public square. It has been requested that those who lunch downtown share their lunch hour and be strengthened by these services of devotion; also, that as far as possible, members of churches and those who are not members arrange their work and shopping schedules so as to be present.

Ministers In Charge
Services will open with organ music by the organist of the church of the minister in charge, followed by two or three hymns. The minister in charge will speak from 12:10 to 12:25, the service closing with a hymn and benediction promptly at 12:30. Ministers in charge will be: Monday, Rev. Homer B. Davis; Tuesday, Rev. Robert Griswold; Wednesday, Rev. Oliver Hurst; Thursday, Rev. Adam Simon.

In addition to the noon-day Lenten services, the committee has arranged for three-hour Good Friday services. Believing that one church could not accommodate all those who will attend, there is to be several places of meeting.

To accommodate church-goers of the North Hill, East Side, West Side and downtown sections, services will be held in the Central Presbyterian church and Trinity Episcopal church. For those of the South Side, services will be held in the First Congregational church, while in the Mahoningtown section, the service will be in the Mahoning Methodist church.

Ministerial Association members are asking that, inasmuch as Good Friday is a different day, the people of New Castle make it different in their lives.

Bible Extension Course Planned

Westminster College And Lawrence County S. S. Association To Cooperate

Westminster college, co-operating with the Lawrence County Sabbath School association, will put on a five-session Bible extension course, the place of meeting to be the First Baptist church, corner of East and North streets, New Castle, and the dates to be Tuesday, April 7, Thursday, April 9, Tuesday, April 14, and Thursday, April 16, closing Tuesday night, April 21.

Registration will be at 7:45 p. m. There will be a 15-minute devotion, after period starting at eight p. m., and the lecture period will start at 8:15 p. m. The course will be a study of the four gospels.

The first lecture will be by Dr. R. F. Galbreath, president of Westminster college, and he will deal with the importance and the meaning of the four gospels, taken as a whole. The remaining four lectures will be delivered by Rev. John Orr, professor of Bible of Westminster college, who will lecture on the four gospels in their order.

The devotional speaker for the first session will be Rev. G. S. Bennett, pastor of the First Christian church of New Castle, and he will be assisted by Rev. Oliver W. Hurst, pastor of the First Baptist church, who will have charge of the song service.

This leadership training school is especially helpful for teachers and leaders of Lawrence county Sunday schools—those wishing to increase their teaching background. Notes will be furnished of the lectures, and a small registration fee will be charged.

WEEK-END SCHEDULE OF RESCUE MISSION

The regular praise and testimony meeting will be held in the City Rescue Mission this evening with Superintendent Archie Gibson in charge.

The Easter program will be arranged Sunday afternoon at 3 o'clock when Sunday school convenes. Plans are also being made for an Easter treat.

Superintendent Gibson will have charge of the evangelistic service at 8 p. m. A musical program has been arranged for the Back Home Hour at 10 p. m. with the City Mission trio, the Missionary Alliance quartet and the Missionary Alliance children, under the direction of Miss Esther Gibson, taking part.

Superintendent Gibson announces that on Easter Sunday evening, the New Castle Jubilee singers, an organization of 66 picked singers, will present a cantata at 8 p. m.

To Observe Palm Sunday In Local Catholic Churches

Blessing And Distribution Of Palms Will Be Held In Sunday Morning Masses

Palm Sunday will be observed by the Roman Catholics of the city on Sunday morning, March 29, and the blessed palms will be distributed during the morning masses.

Palm Sunday is so called because palms are solemnly blessed on this day, and distributed to the faithful in memory of Our Lord's Entry into Jerusalem.

The palms will be blessed before masses, and the time schedule of the various churches are as follows:

St. Joseph's—6, 8, blessing of palms at 9:45, followed by masses at 10 o'clock and 11:30 o'clock.

St. Mary's—6, 7, 8:30, 9:45, blessing of palms, before 11 o'clock mass, last mass at 12 o'clock noon.

St. Vincent—blessing of palms, at 7:15 o'clock, mass at 7:30, 9:30 and 11 o'clock.

St. Michael's—8 o'clock, blessing of palms at 10 o'clock; last mass 10:30 o'clock.

St. Philip and James—blessing of palms at masses, 7, 9, and 11 o'clock.

St. Lucy's—blessing of palms at 8:30 o'clock mass; last mass at 10:30 o'clock.

St. Margaret's—8:30, blessing and distribution at 10:30 o'clock mass.

St. John the Baptist—10 o'clock, blessing and distribution of palms.

Madonna—palms blessed at 8 o'clock, last mass at 10:30 a. m.

Bishop Straughn At Epworth Church

Bishop James H. Straughn, D. D., L. L. D., presiding bishop of the Pittsburgh area of the Methodist church, will be the guest preacher at Epworth church Sunday morning.

His presence in the local church will elicit keen interest, not only on the part of the Epworth congregation but from many in this vicinity who hold Bishop Straughn in high esteem.

Bishop Straughn comes to Epworth to acquaint himself more thoroughly with the program and work of the church and to counsel with the trustees and other church leaders in respect to future plans and progress.

Dr. William E. Bartlett, district superintendent of the Grove City district, will also be present and participate in the service which will be in charge of Rev. William A. Thornton, present pastor of the church.

New Schedule At Calvary Tabernacle

This Sunday will mark the beginning of a new arrangement of Sunday morning activities at Calvary Gospel Tabernacle, on the east side. Bible school, with A. H. Robb as superintendent, will assemble as usual in the main auditorium at 9:45. Following the opening exercises, at 10:15, classes from the beginners to junior high students will march to their respective class rooms for Bible sessions.

All persons above the junior high age will assemble as one large adult Bible class in the main auditorium with Raymond J. Fredericks, the pastor, as teacher, until 11 a. m. His subject as announced for this Sunday is "The First Christian Bible Class."

Between 11 and 11:05 a. m., there will be a period for the reassembling of the whole school for a 45-minute worship service featuring congregational singing, special choir and vocal numbers and an evangelistic sermonette, closing with the old-fashioned altar service.

Present and former Bible institute students will be in charge of the evening service beginning at 7:30 o'clock.

Two More Sundays In County Contest

Fifty Sunday Schools Are Nearing Conclusion Of Annual Campaign

Only two more Sundays remain in the "All Out Defense Increase Campaign" which is being sponsored by the Lawrence County Sabbath School Association and in which fifty Sunday Schools are participating.

Good progress has been made in attaining the goals of an increase in evangelism, as increase in Sunday school attendance, an increase in church attendance, and an increase in Bible study.

Tomorrow's attendance will in all probability be larger than any attendance to date, taken as a whole, and this increase effort should be climaxed with a splendid attendance Easter Sunday, April 5th.

Pre-Easter evangelistic services in many of the churches have stimulated the increase in Evangelism goal. Fourteen New Castle churches have been reporting the percentage of Sunday school attendance that remained for the morning worship, so this has helped the church attendance goal.

The participating Sunday schools have been calling in each Sunday's attendance, and this, together with visitation and other organized efforts, has benefited the Sunday school attendance goal.

The Bible Study goal will be further helped by a Leadership Training School being announced today, that will make a systematic study of the four gospels of the New Testament.

The outstanding slogan of the campaign has been, "Every church member in Sunday school—every Sunday school member in church," and those participating Sunday schools have realized from the start that they have, "Everything to gain and nothing to lose."

Sunday school and church attendance pay large spiritual dividends, as those who have been regular in attendance at both can testify.

The Great Game Of Politics

(Continued From Page Four)

be equally outraged by the corporate heads who are gouging the government for more than a fair return on their war work.

BOTH the labor excesses and the management excesses add terribly to the cost of the war, and that adds to the burden of the people. Because the unescapable and basic fact is that the full cost of the war comes out of their pockets. There is no other place from which it can come.

These being the facts, it would seem the clear duty of the administration to put an end equally to the profiteering of the manufacturer and to the profiteering of labor through the time and a half for over forty hours work and other devices.

THE first can be accomplished by means of the new tax bill now taking shape in the committee. Whether or not congress can legislate to recapture excessive profits already made on war work and for restitution of bonuses already paid, congress certainly can legislate to put a rigid ceiling on profits of the future and congress can outlaw the bonus game. This was the sort of legislation Mr. Baruch urged to be put on the statute books when there was scarcely a war cloud in the sky anywhere.

THOUGH it burns the New Dealers to admit it, it is too clear to dispute that failure to follow the Baruch advice has added billions to the cost of the war and greatly retarded production. The longer it is neglected, the greater the price we have to pay.

There is no doubt that the war would not only reduce the cost of war by billions of dollars but if inflation is to be averted they are vitally essential. Mr. Baruch has urged this in session and out. He has pointed out that one should not be imposed without the other; that both are necessary to a successful war effort; that the experience of the last war makes action along these lines clearly in the interests of all.

ONE of the most inexplicable things about our present situation is the reluctance to adopt the counsel of the man recognized as the highest authority on war-production problems. Mr. Baruch not only had an experience in the last war which no one else had but since 1919 he has devoted more thought, time and money to war-production problems than anyone else.

American Flyer Tells Of Putting Jap Cruiser Out With Big Bombs

By PAT ROBINSON
International News Service
Staff Correspondent

WITH THE UNITED NATIONS AIR FORCES, SOMEWHERE IN AUSTRALIA, March 28.—Official communiqués often make dry readings because they are forced to tell only the bare facts. They tell what was done, but not how.

For instance, the first official Washington communiqué concerning our boys in action here said Maj. Dick Carmichael's gang had gotten a Japanese cruiser. That was true, but it failed to tell how he did it.

I finally caught up with this tall, good-looking lad from Austin, Tex., last night. He was with his West Point classmate, Maj. Jim Twaddell from Philadelphia.

Neither looked like the dapper youngsters you see at Army-Navy football games. Now they were being bled from head to foot and both needed shaves badly.

I offered my razor and showers. Believe me, they looked far better to me in their fighting clothes than they ever did in their fancy West Point uniforms.

Fighting Pilots

Then they were boys. Now they are fighting pilots, who have become men through grim life and death battles in the air—and don't forget, they are not fighting for pay or promotions or glory, but for all you who read this.

Twaddell is a wiry little chap, who says little, but nods smiling assent to what Carmichael says.

"Yes, Jim and I were flying the big bombers that got the Jap cruiser," Carmichael admitted. "We like to get cruisers and transports because they're not easily replaced and every one we get slows the Jap."

Henry Ginsburg Now Second Lieutenant

Staff Sergeant Henry Ginsburg, of 1107 Pollock avenue, received his commission as second lieutenant in the Medical Corps of the United States Army, this morning, at exercises held at the Medical Field School, at Carlisle Barracks, Carlisle, Pa.

Henry is the son of Mr. and Mrs. Isaac Ginsburg, of 1107 Pollock avenue, and enlisted in the U. S. Army on December 3, 1940, as a pharmacist. Since then he has served at the Walter Reed hospital, at Washington, D. C.; and following was in Trinidad at a time.

At Carlisle Barracks, he attended the Medical Field School for three months, and has now received his commission as Second Lieutenant in the Medical Administrative Corps on the basis of merit and outstanding performance of duty.

Second Lieutenant Ginsburg is a graduate of our local high school and of the University of Pittsburgh School of Pharmacy.

DRILL FOR OIL ON MYER'S FARM

W. L. Aiken, of Princeton, today reported that an Ohio company is drilling for oil on Harry Myers' farm, near the Center church.

The drillers, who started about three weeks ago, have drilled about 800 feet and expect to go down 5,000 feet.

Aiken also reported that John T. Gailey, of Pittsburgh, has leased about 1,000 acres in Slippery Rock and Shenango townships for a similar reason.

Dolores Sipe, Of R. F. D. No. 3, Volant, Struck At Corner Of Ray And Croton

Dolores Sipe, aged 13 years, of R. F. D. No. 3, Volant, was brought to the Jameson Memorial hospital at 7:45 o'clock Friday evening, suffering with a broken collar bone, and concussion of the brain, received when struck by an automobile driven by Fred Patterson of R. F. D. No. 7.

According to the report made at the hospital, the child ran out into the street, and into the side of Mr. Patterson's car.

It was stated at the hospital this morning that her condition is not regarded as serious.

Tea Curtailment Is Set By Board

(International News Service)
WASHINGTON, March 28.—The War Production Board Friday cut in half the amount of tea that retail grocery stores can buy, automatically reducing consumers purchases by 50 percent.

Effect of the regulation, W. P. B. said, is to stretch the nation's six month supply of 48,000,000 pounds of tea on hand January 1 to a year's supply on a restricted basis.

The action was described as a precautionary measure since shipments of tea from the Far East are uncertain because of the war.

Sun Spots May Disrupt Wires

PITTSBURGH, March 28.—The strongest magnetic sun spots ever observed have reached the solar meridian and will be in position to threaten disruption of radio, telephone and telegraph communications on earth for about 12 days, Manager F. S. McGary of Buhl Planetarium said last night.

"We can still look for the strongest electronic bombardment in many decades, although the discharge failed to materialize in the minimum time, which expired Friday," McGary said.

He described sun spots as magnetic storms which range over the solar surface, moving somewhat independent of the sun-cycle of one rotation every 25 days.

Suit For \$12,313 Damages Filed

(Special To The News)

MERCER, March 28.—Mr. and Mrs. Joseph V. Prestandrea, Grove City, today filed suit against John P. Patterson, Beaver Falls, to collect \$12,313 for the death of their daughter, Connie 5, which resulted from injuries suffered in an automobile accident July 13, 1941, at London, on the Grove City-Beaver road.

The child was fatally injured when automobiles driven by Prestandrea and Patterson collided at the London crossroads.

St. Margaret's Society Benefit Supper Tonight

This evening the St. Margaret's Society of Mahoningtown will sponsor a benefit spaghetti supper for the local Red Cross chapter in the St. Margaret's hall, North Liberty street.

Assisting in the arrangements of the event are members of the Sons and Daughters of St. Margaret's society, who will assist at the hall tonight.

Serving will start promptly at 6:30 o'clock and continue for several hours. According to the number of tickets sold, it is expected that a large crowd will enjoy the tasty dinner, cooked and served in the Italian style.

Chairman of the event is Bartolomeo Lombardo, president of the St. Margaret's society, and he is being assisted by the group of committees.

YOUNG PEOPLE TO HAVE SUNRISE SERVICE

There will be a sunrise service held by the Young People's Christian Endeavor of the Madison Avenue Christian church on Easter Sunday morning at seven o'clock, at the church. This will be followed by breakfast in the dining room about eight.

Walter Evans will lead the service, and Miss Grace Kelly, president of the society, and her aides, will have charge of the breakfast.

TROOP NO. 4
Members of Boy Scouts troop No. 4 will go on a map-making hike on Monday. The boys will meet at nine in the morning, at the home of Patrol Leader William Weitz, Jr., 102 West Madison avenue.

The boys were well represented at the Court of Honor of Boy Scouts of Lawrence county, which was held at the First U. P. church Friday evening by members who had passed tests in second-class, star, life, senior patrol leader, assistant scoutmaster, and those that had received merit badges.

Nursing Class Will Graduate

Registered Nurses Invited To Program In Junior High School Next Week

MORE NURSES ARE NEEDED BY ARMY

In connection with the graduation exercises planned for women of the community who have completed the special course in Home Nursing under the Lawrence County Chapter, American Red Cross, a program of interest to the Registered Nurses of the community is planned for next Wednesday evening at 8 o'clock in the George Washington Junior high school, Mrs. Travis French, key nurse of Lawrence County, stated today.

The program will stress the need for greater registration of registered nurses for defense needs, the armed forces being in dire need for additional nurses at the present time, and this part of the national defense program will be stressed by Catherine Cameron, nursing consultant of the American National Red Cross, who will be one of the principal speakers at this program.

Certificates will be presented to all home nursing graduates who have completed their courses during recent months, and in addition graduates who have completed these courses in the past have also been invited to this meeting.

The class will march into the auditorium to the tune of the song "Angels of Mercy" following which there will be the salute to the flag. Miss Margaret F. Bodenstein, executive director of the Lawrence County Chapter, American Red Cross, will welcome the class, and a special film, "Marching With Old Glory," will be shown.

The address of the evening will be given by Dr. Wilbur E. Flannery, followed by the presentation of certificates.

STOLEN AUTO IS FOUND IN SHARON

Sharon police have recovered the automobile which was stolen Wednesday night from George Cunningham, of Leesburg, by a hitchhiker.

The auto had been abandoned at the corner of North Irvine avenue and Ellsworth street in Sharon and reportedly was not damaged. Cunningham's auto, watch, money and topcoat were stolen after he had given the hitch-hiker a ride from Sharon to a side road near Masury, Ohio.

Second Ward Men End Course

Auxiliary Firemen Are Given Feed By Volunteer Company Friday Evening

One of the first Auxiliary Fire Companies in the state of Pennsylvania to complete its course of training, wound up an intensive course in fire defense and first aid Friday evening, and at the completion of their work were given a feed by the Second Ward Volunteer Company. There were 85 in the class, which was organized last January, and the men have been meeting each week for this special training.

Following an examination, the men will be issued cards by the Pennsylvania Defense Council, and will receive arm bands to be worn in the event of an emergency, identifying them as auxiliary firemen.

Dr. John P. Prioletti spoke to the men on First Aid last evening, and remarks were also made by Fire Chief James E. Thomas, and Charles E. Allen.

The class has been instructed in bomb and gas defense by William Bowen, and in fire defense by Joe Zeiner, of the Second Ward fire company.

Monday Night Ring Victor Is In Doubt

Some Fans Favor Baxter, Others Like Genaro, 48 Hours Hence

REALE, GARDNER, CAREY TO BOX

Can squat Frankie Genaro, former Golden Glove champion of Youngstown, batter out classy Russell Baxter, Lawrence county 160-pound champion in The Arena Monday night?

Or, will Classy Russell, recognized by many as "toos" among the middleweights who parade through tri-state rings so dazle Genaro with science and speed Genaro will fall victim to a "kayo"?

These queries have the fans on a griddle. Some say yes, some say no. However, no one is going to know the answer to the foregoing riddles until the fight actually has been fought.

There is no question that when Frankie was the GG champion of Youngstown district he was one of the best fighters in the region. And only a few nights ago here his wallop frightened an opponent he quit.

However, there is a vast difference between Pete Hammond, colored boxer and Russell Baxter, county champion. A mean glare or a hard blow will not send chills down Baxter's spine.

However, fast as he is, Baxter may have cut out for him, information trekking from Ohio being to the effect that, Genaro, a good puncher, intends to start on Baxter's "wind" as soon as the bell rings.

If the body blows weaken Baxter, Genaro intends to attack to the head in the hope of landing one right or left on the jaw and toppling over Baxter.

Battle Of Wits
No doubt Russell's advisers will send him into the ring with instructions to take advantage of his long reach and superior boxing ability. His punch, although not as ponderous as Genaro's, carries a definitely often proven speed.

In fact, it would not be surprising were Baxter to step into the ring, set a fast pace, take the play away from Genaro by jabbing him off balance, not letting Frankie get set, then trying desperately for a knock-out.

The Monday night affair is no ordinary "amateur" bout night. There's rivalry between not only the middleweights but their trainers and affairs like these always bring a good bout.

It will be recalled that Tommy Leach taught Baxter. When Russell picked up his shoes and walked out on Leach he landed with Hank Coppertwaite and Arch Cuno. Leach turned like a bathing beauty on a beach.

Within a week or two all sort of defiant words emanated from both camps and believe it or not, these words inspired the coming test and the county title will be decided here Monday night.

Joe Biro, heavyweight, runner-up for the Youngstown district championship wants to smash Billy Reale out of local prominence. He has his chance in the semi-final.

Joe traded punches with Harry Bobo (who fights Lem Franklin

Thursday night, in Youngstown, Baby Genaro, brother of Frankie, won the bantamweight championship. He is docketed for action against a good boy here. His opponent will be Bobby Timson, Youngstown, only colored boy scheduled.

Some Popular Bout
Pete Carey, one of the hardest hitting youngsters in local amateur ranks will box Tony Siciliano of Youngstown, at 130 and Johnny Gardner, another local youngster, will box Steve Covaleskie of Youngstown, at 130.

Local sailors and a Marine on recruiting duty here will appear in three of the eight bouts. They are Seamen William Carlin vs William Horcher, 128; Seaman Eddie Spigler vs Bill Bradley, city, 160 and U. S. M. C. Sergeant Jimmy Final vs Jimmy Davidson, Youngstown, heavyweights.

The fight production at 8:30 p. m. Monday promises to be one of the most attractive of recent shows, mainly, because of the Baxter-Genaro feud and the appearance of service boys in their first boxing bout.

The show is being held by the Jefferson A. C. under the supervision of the State Athletic commission and Amateur Athletic union.

Lawrence County Middleweight Champ Finishes Zilka In Second

ELLWOOD CITY, March 28—Russell Baxter of New Castle knocked out Jerry Kufchak, of Youngstown, a substitute for Billy Grumbaker of that city, in the second round in the Shelby Club here last night while Christ Tabor, Niles, won a very close decision over Frankie Genaro, Youngstown, in a hot fight.

Billy Reale of New Castle, who turned heavyweight recently, repeated a decision win over Cleveland's George Stanko, in three rounds. Other results were:

Rollin Horne, Niles, stopped Baby Retardo of Ellwood City in the third round; Jimmy Varketta, Erie, won the award over Baby Leasure, New Castle in three rounds; Jimmy Bagamery, Zelienople, scored a TKO over Johnny Zilka of Allegheny in three rounds and Delio Donnell of Youngstown took the decision over Buck Chambers, West Pittsburgh, in three rounds.

Following the fights here last night Baxter asserted: "I'll knock out Genaro Monday night in New

Sergeant Dean In Referee Role

Former Middleweight Boxer To Referee Three Bouts Monday

Staff Sergeant John L. Dean, former middleweight boxer, now of the United States Marines has been granted permission by the Pennsylvania Commonwealth Athletic commission to referee the boxing bouts between service men in The Arena, Monday night. There will be three such bouts.

The Jefferson A. C. had Ed. Fritz, A. A. U. commissioner communicate with the state body today and Commissioner H. Boyle who is now recovering from a siege of illness which has him in a Pittsburgh hospital gave his consent.

The regular referee, Sam Leyshock will referee five bouts and Staff Sergeant Dean will arbitrate three bouts.

**Mickey Cochrane

(International News Service)
GREAT LAKES, Ill., March 28.—Gordon Stanley (Mickey) Cochrane, former manager of the Detroit Tigers of the American League, was commissioned a lieutenant in the U. S. Naval Reserve today and was ordered to duty at the Great Lakes naval training station.

Cochrane was recognized as one of the greatest catchers in baseball history until a wild pitch felled him with a triple skull fracture in 1937. Lieut. Commander J. Russell Cook, athletic officer at Great Lakes, said Cochrane's duties will include the setting up of an intramural softball system and to direct the Great Lakes varsity baseball team through its summer exhibition schedule.

SPORTS WORLD RAMBLINGS

Bits of most everything:

Additional figures released today stamp New Castle high's athletic teams as definite smash hits at the box office. During 1941 and so far this year, 64,108 fans have watched red and black clad teams play at home. The football attendance was 37,253. The New Castle-Butler grid fracs topped the list with 9,527 fans on hand. The Youngstown East battle drew the smallest congregation, 3,872.

Within the next 72 hours, this bureau will know definitely whether or not New Castle will be selected as one of the cities housing the annual Atlantic free baseball school. New Castle was picked during the past two summers. Fred Miller, Westminster cage star, is also the school's Cornelius Warmerdam. Besides the pole vault, Fred is a crack high jumper.

Elmer Layden, the Landis of professional football, believes war will "make no appreciable difference in the calibre of competition in professional football next season." Mr. Mr. Durability—Ray Starr of Cincinnati. Starr, 36, has hurried more than 40 doubleheaders and emerged on the winning side 21 times.

A communique from Miami Beach states that Manager Hans Lobert of the Phils is hard pressed for pitchers, four of whom are sick. Sick already? What will these flingers be when the season starts?

The New Castle rifle club journeyed to McDonald, Ohio, last evening and lost a Penn-Ohio league match 952 to 944. High man for the shoot was Garman of the winning team with a fine 194 string. High for New Castle was Merle Glitch with a 191 string.

Monday the New Castle team will go to New Brighton for an Interstate state league match. The New Castle team is leading the Interstate league race.

Results last night—New Castle, G. F. P.
191, 191, Williams 190, Wally Bowers 186, Moore 188, Houck 187, total, 944. Other New Castle strings: Rubaugh 169, Hill 183.
McDonald, Garman 194, Volpe 192, Hird 191, Engle 189, Shink 186, total, 952. Other McDonald strings: Fritz 183, Schuller 184, Coppinger 181, Donohue 186, Reapsummer 164, Rozusky 156, Davis 155, Franklin 168.

**Los Angeles Gets
Bowling Congress**

(International News Service)
COLUMBUS, O., March 28.—For the first time in history, the American Bowling Congress tournament today was scheduled to go to the west coast, Los Angeles having been selected for the 1944 tourney.

Movie Magnate Harold Lloyd, also a partner in a Los Angeles bowling enterprise, made a personal appeal which was credited with swining the delegates over to Los Angeles. Indianapolis was previously favored, but the vote stood: Los Angeles 278, Indianapolis 154, San Francisco 64.

Buffalo, N. Y., was selected last year for the 1943 tournament.

**Dartmouth Passers
Seek N. C. A. A. Toga**

Collegiate basketball officially steps out of the sports picture tonight in Kansas City where Dartmouth and Stanford match shots for the N. C. A. A. championship.

Guy Lombardo's pet hobby is racing fast speedboats. He competes in most of the big water classics throughout the sections where boating is bigtime.

Baseball officials have reason to worry about the shortage of balls. In 1941, Brooklyn used 8,125 pellets at \$1.30 each wholesale. The Dodgers also set some kind of record by using 2,700 bats at \$2.50 apiece. The coming season will be a depressive one for autograph hounds. Most of the clubs have put a halt to the practice of supplying baseballs for name scribbling purposes.

Barney McCosky is the fastest member of the Detroit Tigers. He copped the laurels during a recent contest. Bobo Newsum is undoubtedly the biggest beefy, what with that handsome salary chop! No less than 76 Pitt athletes are in various branches of the armed forces. George Washington Case, who runs like a horse, picks up a lot of stray cash by selling horse liniment which he inherited from his dad.

Syracuse has filled the date left open when New York university decided to toss football in the Jewer. Western Reserve will play the Orange on October 10. Tony Lazzeri is the new manager of Portsmouth of the Piedmont league.

Detroit bowlers purchased more \$150,000 in defense stamps on regular league nights during the past several months. Hamilton, O., bowlers bought over \$100,000 worth, using a similar plan.

**HERE AND THERE
IN SPORTS LAND**

Two Penn State grapplers won opening round matches in the National mat meet which got under way last night in East Lansing, Mich. The winners were Glen Alexander, 145 pound eastern champion and Allen Crabtree, 136. Oklahoma A. & M. qualified two defending champion Buddy Arndt, 145 and Vernon Logan, 1940 champion at 140. Navy's Eastern champion, C. S. Swift, sustained a scare but finally pinned Jim Wilson of Iowa to the mat.

Bowling will bestow a new title at the 1943 meet in Buffalo. He will be termed the "Bowler of the year." Bowlers will receive prizes: \$253,930. On Thursday we figured the Louis-Simon tangle to go five or less rounds. It went for 16 seconds in the sixth when the referee stopped the fight to save the Long Island Giant. Rod Munday, Toledo, Friday, led in the Greensboro, N. C. Open golf meet with a record-tying 66.

OTT TURNS BARBER
MIAMI, Fla.—Manager Mel Ott recently shaved four men from the New York Giants squad including outfielder Johnny Rucker, the highly-publicized rookie of two years ago.

Rucker, outfielder Jimmy Maynard, catcher Rae Blainie and Sid Gordon, infielder-outfielder, were sent to the Jersey City club on option.

FOR FURTHER REFERENCE
ORLANDO, Fla.—Manager Bucky Harris of the Washington Senators has tabbed for further reference Alex Kvasnak, an outfielder picked up off the Sagamore, Pa., sandlots. Kvasnak was used for the first time when the Nats set down the St. Louis Cardinals 2-1 and he made a brilliant catch and collected a single in his only trip to the plate.

Thiel Abandons College Football

Decision Leaves Empty Date On Westminster Card; Move Is Unexpected

Football has been tossed out of the window for the duration of the war by Thiel college of Greenville.

School authorities, in explaining the unexpected move, said that the sport has been abandoned until such time that the need of emphasis on defense activities is over.

Coach Jack Stoerber said that Thiel may play six college football next season if other district colleges go along with the plan.

Thiel's decision leaves an empty date on Westminster college's 1942 card. Because of the difficulty involved in booking games during this time of the year, the Titans will likely mark the date as open.

**Private Joe
Wins In Sixth**

Referee Stops Fight To Save Simon From Probable Injury

**TITULAR CONTEST
DRAWS \$132,430**

By JACK MAHON
(International News Service Sports Writer)
NEW YORK, March 28.—The only human flying fortress in America, Private Joe Louis, nursing only two slightly swollen knuckles and the memory of another great patriotic job well done, coined today he would belt out Billy Conn in June in the next defense of the world's heavyweight championship, and then, with the permission of his military superiors, take on Bicycle Bob Pastor for the third time, probably in Cleveland, later in the summer.

The greatest fighting man of this generation bombed huge Abe Simon into a bewildered and beaten bulk in 0:16 seconds of the sixth round of a scheduled fifteen rounder return match for the benefit of the Army Emergency Relief Society before 18,220 who paid \$132,430.41 at Madison Square Garden last night. And now he thinks he will continue to improve on his time with Conn—the next gentleman on the list of those unfortunate who escaped with their life in one joust with Gentleman Joe but insist on coming back for more.

As the late Joe Jacobs so aptly put it—it would have been better for simple Abraham Simon "had he stood in bed." He took one of the worst lacerations ever handed out—and he has handed out some sadistic shellackings—in Detroit, just a year ago, and finally was pardoned in the thirteenth round as he lay helpless against the ropes.

Floored Three Times

That lesson wasn't enough, and, last night, he tried again. Floored twice, once for a count of two in the second and then for five in the fifth, Simon was granted reprieves, on both occasions, by the bell ending the round.

He went down for the third time from a barrage of blows to the jaw just after the sixth started and got to his feet just before Referee Eddie Josephs tolled "ten." There was no doubt Abe had completed the climb back but Josephs stopped the contest and called it a clean knock-out. This saved Simon extra severe punishment and possible serious injury but only aroused the explosive wrath of James Joy Johnson, his vitriolic little manager. Three J's stormed around screaming the referee had violated all the rules of the boxing commission.

Louis, asked about this in his dressing room, said: "If he was coming up at ten but was stopped, that was a matter of the referee's opinion. If he wanted it to continue, that would have been all right with me."

Blackburn Happy
CHICAGO, March 28.—With tears of delight streaming down his campaign-hardened face, Jack Blackburn turned off the radio and exclaimed:

"I know that Joe could do it. I know it all the time. "He's a good boy, Joe is."

Chappie, as he's known to most of his friends, was a happy man as he listened from his hospital bed here in Chicago to the description of "my boy's" twenty-first successful defense of his world heavyweight boxing championship.

May Affect Drilling
NEW YORK, March 28.—Heard from Joe Louis today? Well, the Bomber was asked if any of Abe Simon's low blows hurt him in his heavyweight title fight at the Garden last night. "Ah was hit on the hip. Might have some trouble marching, now." Answered Joe.

WALKER WITH CINCY
TAMPA, Fla.—Gerald "Gerry" Walker now is a member of the Cincinnati Reds as Manager Bill McKechnie seeks to strengthen his airmen-hitting outfield. Walker was purchased from the Cleveland Indians for a price said to be \$20,000. He has refused to sign with the Indians this year, asserting he would retire from baseball rather than take the \$5,000 cut they proposed.

Braves May Prove Surprise Team In National Scramble

Manager Casey Stengel Has Acquired New Material, Hope For First Division

Pitching Is Only Weakness, Three Kid Hurlers May Deliver Goods

By BILL GRIMES
(I. N. S. Special Correspondent)
SANFORD, Fla., March 28.—If what they say about the strength of a ball club being the catching, pitching, the keystone combination and centre field, is true, then the 1942 Braves will be the best outfit that Manager Casey Stengel has piloted since he went to Boston.

During the off-season, the Braves acquired an array of new talent, including Catcher Ernie Lombardi, from the Cincinnati Reds, and Clyde Klutz, who was drafted from the St. Louis Cardinals' farm at Sacramento and who is rated as one of the most promising young receivers in the national pastime.

"With Lombardi, Klutz and Masi," predicted Stengel, "my catching should be first division."

Lots Of Pitchers

With the exception of Bill Pose-del, who is in the U. S. navy, all of the 1941 holdover pitchers are available, namely Jim Tobin, Manny Salvo, Dick Erickson, Tom Earley, Alva Javery, Art Johnson, Frank Lamanna and Big John Hutchins.

Manager Stengel will carry ten pitchers. He has 15 in camp, which is a healthy condition. He has five newcomers here, who may upset the apple cart. In other words, it's up to five of the veterans to show to better advantage than the Johnny-come-latelys.

There are three kid pitchers here from Evansville, namely Warren Spahn, "Wild" Bill Donovan and George Diehl. This trio won no less than 44 games last season. Spahn was the big winner with 19 victories, with Donovan a close second with 17, while Diehl won eight straight in as many starts.

Jack Sain, Nashville and Lou Tost, Hollywood, have been very effective this spring and they've shown enough ability to cause some of the veterans to worry.

Miller Fine Player

Eddie Miller, who is about 15 pounds lighter than he was a year ago, is back at short stop. Miller is the class of the National League shortstops, defensively. Two years ago, Miller broke his leg at mid-season and until this spring he carried too much excess weight to be at top form.

Right now, Tony Cuccinello, a veteran of many National League campaigns is covering second base. Tony is past his peak. But he'll be able to carry on for a month or two and when the hot weather starts to box him down, Al Roberge will spell him.

Out in center field the Braves have Tommy Holmes, from the Yankee chain. Holmes has hit better than .300 annually since he came into organized ball. He's a finished ball player both offensively and defensively. He's not a slugger but he'll get plenty of base hits and moreover, he's an ideal lead off man.

"I know that a number of big league managers wanted the boys we picked up," declared Manager Stengel, "so they must be pretty good prospects. As I see it, we'll have a better club, through the acquisition of Lombardi, Holmes, Klutz, Fernandez and the return of Chet Ross to our lineup."

Lombardi Dangerous

"Big Lombardi has always been a dangerous hitter. I know he has run me on many occasions. He's 20 pounds lighter than he was last spring. He can hit for my money and moreover, he's a better receiver."

er than the experts believe him to be. In three years, Walters and Derringer chalked up 109 victories for the Reds, so "Lom" couldn't have hurt them much.

"I did too much popping off last spring at San Antonio about my club and then my boys pulled the 'old faint' on me when the season started. So, with that experience to guide me, I'm not going out on the limb during this training season. All I'll say is that we have better balance, better reserves, better pitching and better hitters. But, at this time, I wouldn't say whether or not we'll finish better."

FROM ME TO YOU

By MESEALL

It seems that when one group sits back and works and when another group has a publicity director and also works that the latter group is the one most talked about. Well, that's what publicity chairmen are for. . . . It all boils down to the Civilian Defense Groups throughout the city. . . . We mentioned several times during the past week that the 4th Ward was the only section of town that was prepared for an emergency. We admit today that the statement was not as true as we had believed. . . . The Park Avenue Fire House has a group of some 30 men all ready to meet any emergency. . . . they finished up their last class last night. . . . in fact we hear that they have been working with the 4th ward group. . . . We are glad to admit this mistake and we only hope that other sections of the town will be interested to the extent that something will be done on this subject in the not too distant future.

The citizens of New Castle can be depended upon when an emergency arises. . . . The men and women out working to raise \$35,000 dollars for a new plant here in the city have really done a beautiful job. News that will fill the heart of every true citizen with good cheer should be ready to be announced in the coming week. New Castle will soon be known from coast to coast as a town that stuck together and started a real comeback. . . . why, because the people of the community have faith in each other and are willing to give their all to help their neighbors.

Attention, we are a little late with this question, but during the past two days we have been running around so much that some things have slipped our attention. One day this past week a fire was reported on Neshaunock avenue. . . . our fire fighting men and equipment from Central Station answered. . . . one fireman was off duty when he heard the alarm, being a true fire fighter he hurried to the scene, and when he did he lost his hat. . . . He had on a business suit and a nice felt hat, one that he wore when he went shopping and to parties. . . . Well, someone picked up this hat and it would be fine if that person would return it to the Central Fire House. It was lost on Neshaunock avenue. Thanks friends.

Tomorrow is Palm Sunday. . . . Will you be in church?

Steadier Tone In Stock Market

Blue Chips Are Firmer—
Other Stocks Show Little Change

(International News Service)
NEW YORK, March 28.—The stock market showed a steadier tone today after the downturn of the last few sessions, but recovery tendencies were limited and the trend was highly irregular. Trading was very dull.

The blue chips, which had been under heavy pressure, were firmer. There was some demand for motor shares. Chrysler gained $\frac{1}{4}$ to 55, and General Motors was up as much as $\frac{1}{2}$ to 34.

U. S. Steel was off $\frac{1}{4}$ to 49, in the first hour but came back to regain its loss and add a small gain. Youngstown was up $\frac{1}{4}$ to 33.

One issue under pressure was Standard Oil of N. J., on the Washington revelations concerning its relations with the German dye trust. It sold down a half point to 33.

Standard of California was up $\frac{1}{4}$ to 29, and Texas gained $\frac{1}{4}$ to 31.

Changes in aviation were inconsequential. American Telephone held at 115, fractionally above the 4-year low set yesterday. U. S. Gypsum was $\frac{1}{2}$ point higher at 44, and Borg Warner was up $\frac{1}{4}$ to 23.

J. I. Case lost a half point to 60, DuPont regained a small loss, while American Can eased. Westinghouse was higher at 68. Air Reduction moved up $\frac{1}{4}$ to 32.

Great Northern was heavy in rails, losing $\frac{1}{4}$ to 22. Other carriers were narrow and irregular.

In the dull curb market most leaders held around previous closing levels. Price trends were mixed. The bond market was very quiet and most changes were small. Railroad issues were mixed.

Girl Secretary Fatally Injured

University Of Pitt Secretary Dies Saving Life Of Small Child On Street

(International News Service)
PITTSBURGH, March 28.—Helen E. Reed, of suburban Ingram, died on the eve of her 25th birthday to save the life of a neighborhood child playing in the path of her speeding bicycle.

The young secretary in the University of Pittsburgh press and replacement bureau died last night of a skull fracture and shock suffered when the bike struck a pole near her home.

Dressed for the purpose, she borrowed the bicycle and went for the ride. Several children playing at the intersection scattered as she approached. One child, she saw, apparently was unable to get clear. Miss Reed swerved the wheel and hit the pole.

Miss Reed was to have taken a secretarial job at the American Bridge company next month. She was a graduate of Muskingum college and took post-graduate work at Pitt.

To Extend Probe Into Agreements Hampering War

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, March 28.—The Senate defense committee revealed that the current investigation into the agreement between United States and German rubber interests will be expanded to include other international cartels believed to be hampering the war effort by restricting use of vital interests.

"We have already exposed agreements in aluminum, magnesium and rubber which restricted our preparations to defend the country, and the committee will go into every cartel which we encounter when we find that it restricts our war effort," said Sen. Henry Truman (D), committee chairman.

"There are other cartels also under investigation by the department of justice. The drug cartel is the worst of those we have not touched."

The committee on Tuesday will hear officials of the Standard Oil Company of New Jersey defend themselves against testimony of assistant Attorney-General Thurman Arnold, who declared that an agreement between Standard and the I. G. Farbenindustrie, German chemical trust, slowed development of synthetic rubber production.

TIRE CRISIS

(International News Service)
PANAMA, R. P.—Transportation in this republic will face a serious crisis in the near future unless new stocks of automobile tires can be obtained from the United States. A government survey, according to a Panama Star and Herald editorial, revealed that present stocks in the entire republic consist of only 918 tires, most of which are for old models.

Our idea of zero in war crises is the one repeated by our side's leaders. "We didn't think they could do it!"

To Begin Mission At B. V. M. Church

Rev. James Cox, Old St. Patrick's Church, Pittsburgh, To Be In Charge

ELLWOOD CITY, March 28.—On Palm Sunday evening, March 29, at 7:30 o'clock, will be the opening of the mission at the Purification B. V. M. church to be conducted by Rev. James Cox, pastor of Old St. Patrick's church in Pittsburgh. The mission will continue until Wednesday night, when there will be a solemn closing with the renewal of baptismal vows.

The schedule for the mission will consist of masses in the morning at seven and eight o'clock, with a short instruction at 7:30 p. m. Special noonday services, including mass, will be conducted by Father Cox. At four o'clock he will have mission services for the school children, and in the evening at 7:30 there will be a conference, followed by the benediction of the blessed Sacrament.

The mission closes on Wednesday night, but Holy Week services will go on as usual. On Maundy Thursday the mass and procession will take place at 8:30 a. m., with the distribution of communion beginning at seven o'clock. There will be all-day and all-night adoration of the blessed Sacrament, and in the evening at 7:30 a sermon will be delivered by Rev. Vincent Galliano.

At eight o'clock on Good Friday the mass of the pre-sanctified will take place. In the afternoon the stations of the cross will be recited at three o'clock, and the evening services will be in charge of Rev. Joseph A. Pernatuzzi.

Holy Saturday services will begin with the blessing of the fire at 7:30, then will follow the blessing of the Paschal candle and baptismal font, the litany of saints, and mass.

Sunday Services In Churches Of Ellwood

ELLWOOD CITY, March 28.—Palm Sunday services have been arranged by Ellwood City and district churches as follows:

Army Air Units To Join Battle Against U-boats

Will Join Hunt For Subs Preying
On Shipping Off
Coasts Of U. S.

(International News Service)
WASHINGTON, March 28—In a sweeping move to clear the sea lanes of Axis submarines so a steady stream of war supplies can be kept moving to American expeditionary forces and United Nations, the Army and Navy announced in a joint communique that air units of the Army had been assigned to the Navy to wipe out U-boats preying along the United States coasts.

Marking another step toward closer cooperation between the two branches of the armed services in the all-out effort to win the war, the announcement said that the Army planes and pilots sent to the Navy will be under direct command of "The Naval commanders of the sea frontiers."

The communique pointed out that the cooperation between the two branches of the service already has been close and effective in operation against Axis submarines which have been raiding United Nations shipping.

Then, it continued:

"The new system of operating control under one service will eliminate any possible uncertainty regarding jurisdictional limits and will insure the smooth and effective working of our intensified anti-submarine campaign in the waters off our coasts."

The Army planes, it was indicated, not only will be used for anti-submarine activities but to protect shipping.

One point stressed in the joint announcement was the fact that the unit of command already exists in the Hawaiian Islands and the Caribbean.

ST. JOSEPH'S SODALITY
There will be a meeting of the St. Joseph's Sodality, this evening after the 7:30 o'clock services in the lodge room of the church.

W. P. B. Releases 75,000 Electric Refrigerators Now

(International News Service)
WASHINGTON, March 28—The war production board on Friday released approximately 75,000 domestic electric refrigerators from "frozen" stocks, authorizing dealers to sell at retail their entire stocks on hand February 14.

The "freeze order" still applies, however, to gas and kerosene refrigerators, except that a dealer may now sell them back to a distributor or manufacturer.

The partial unfreezing is expected to make refrigerators available to persons who placed orders before the freezing was issued.

Refrigerators in the hands of wholesalers and those being produced by manufacturers between now and April 30, when the industry will be shut down and converted to war production, remain "frozen" and will go into a stockpile.

Dismiss Employees Of German Descent

(International News Service)
SPRINGFIELD, Mass., March 28—The American-Bosch company, a plan manufacturing aircraft parts, today announced dismissal of its vice president and 22 other employees, all of German descent, on orders of the treasury department.

The company has been under investigation for several months and hearings disclosed that Robert Bosch paid recently to the Robert Bosch company in Germany for patent rights.

Dottald P. Hess, president, said the vice president, Julius Wild, and the others were all American citizens.

Townsmen To Form Emergency Squad

Townsmen members, with John Hodges, president, will organize their unit into a volunteer emergency squad, it is announced today by chairman in charge, Robert Hoose.

It is planned to give instruction in first aid, military drill, fire fighting, firearms, etc., under the direction of the mayor and chief of police.

Launching their program, a meeting is called for Wednesday night at the Y. M. C. A. at 7:30 o'clock, when they will receive their first instruction in first aid.

More Surgical Dressings Asked

Lawrence County Chapter Is Asked To Increase Its Output

Lawrence county chapter, American Red Cross, has been requested to boost its output of surgical dressings, their previous quota having been increased. This is to meet the increased demand from the U. S. Army and Navy.

Mrs. W. W. Duff, chairman of the surgical dressing division, and Mrs. J. Norman Martin, co-chairman, are getting ready for a busy spring and summer, for war will not stop just because housecleaning and gardening must be done. An appeal is issued for all surgical dressing auxiliaries to keep their organizations intact.

Brice Is Candidate For General Assembly

First Ward Alderman Announces For Republican Nomination Today

JAMES C. BRICE

Alderman James C. Brice of North Jefferson street today announced his candidacy for the Republican nomination for General Assembly from New Castle at the primary election Tuesday, May 19th. His statement follows:

"Two years ago I was a candidate for the Republican nomination and received a vote that I believe justifies my candidacy again this year. I am a candidate for the nomination at the Republican primary Tuesday, May 19th, and ask the support of the Republican voters."

"The work of the General Assembly is important to the welfare of the people. A citizen honored with this office should be willing to devote all the time necessary to the office and should be willing to work. This I am prepared to do."

"The General Assembly is no place for hobby riders, class partisans, or peddlers with only one cause. It is a place where the work of legislating for all the people of the commonwealth is carried on and an intelligent legislator is one who can and does represent all the people of his constituency with honesty of purpose."

"If nominated and elected I can and will devote my time to the work at hand. My personal history needs little recounting here. New Castle is my home and its prosperity is my prosperity just as it is that of all the voters. For some years I have been the alderman of the first ward. My education is that received from high school, college and one year's university training. I believe I have the ability to represent New Castle in the General Assembly. I ask the support of the Republican voters."

Cost Of Feeding Soldiers Rises

(International News Service)
WASHINGTON, March 28—The cost of feeding the average American soldier has risen from 44 cents a day to 61 cents a day in the last year, testimony before the House Appropriations Committee disclosed today.

Quartermaster corps officials, however, told the committee that this was due to rising costs of food, not to the doughboy getting any more or better meals.

In response to a committee request, figures were put into the record to show that there are at present 3,842 Japanese of American citizenry in the United States Army, of which 1,298 were inducted in Hawaii.

Refined copper stocks declined in September from 71,930 tons to a new low of 63,670 tons.

More Auxiliary Firemen Needed

Harper Announces Citizens Are Urged To Register For Training As Aides

More auxiliary firemen are needed throughout the city of New Castle to meet the demands for civilian defense. Assistant Fire Chief George H. Harper announced today, and citizens are asked to register for this important training which is being given under his direction.

In the event of an air raid here the present organization would need considerable assistance, particularly if incendiary bombs were dropped. Registration can be made at any time at central fire station, and schools will be established as soon as enough have registered.

The Second ward has a splendid organization, their school having been concluded, and a school is now being conducted in the Fifth ward.

To Present Play At Princeton High

"The Mad March Heirs" To Be Staged At School On March 31

On Tuesday evening, March 31, the public speaking class of Princeton high school will present a play in the high school auditorium. The title of the play is "The Mad March Heirs" and tells the story of how a spoiled family is reformed.

Playing the part of the rich old grandfather, for whom the family is waiting to die, is Homer Black. Nettie Collins as Rosalind March finally discovers that she promises to marry the family chauffeur, portrayed by Ralph Hekathorne. Jean Stoner is Cordelia March, the typical baby of the family, while Harry Myers, Jr., as Hamlet March, gives a very convincing performance of the rich man's son. This madcap family is shown the road to happiness when Virginia Kenning, straightens things out, and incidentally has a good time by falling in love with the family lawyer, Robert Parish, who is Brue Kenning.

Others in the cast include: Margaret Weingartner, Letty March; Bessie Wimer, Henrietta March; Ruth Young, Madeline Laval; Clair Glasser, Herbert; Catherine Copper, Frieda; Charles McCormick, Bob Normal; Kathryn McCormick, Diddy Humble; Andrew Murmesak, Jukes Kalkhau; James Shaffer, Baron Kurt Dubois; prompter, Eunice Currier; stage manager, Earl Shaffer. The play is directed by Lois Houk, a member of the class.

It might be worse. If a man wishes to fight for his country, nobody can make him pay a fat fee before he starts.

To Meet Shortage Of Elementary School Teachers

College Graduates Certified For Junior And Senior Highs Can Be Used

(International News Service)
HARRISBURG, March 28—In order to meet a shortage of elementary school teachers, especially in the rural areas, the state council of education on Friday authorized the use of college graduates certified to teach in junior and senior high schools.

The superintendent of public instruction will issue an elementary temporary standard certificate valid for teaching in the first six grades of the Pennsylvania school system to those who hold certificates which entitle them to teach in secondary schools.

The elementary school certificates will be valid for one year and may be renewed for an additional one-year period upon the presentation of an official transcript showing that six semester hours of further professional education in the elementary field have been completed. In addition, the presentation of a rating score card showing satisfactory teaching experience for the previous year will be required.

Subsequent renewals will be made on the same basis as the first renewal, said the state council of education, and so continued until 36 semester hours of professional education from an approved elementary degree curriculum have been completed.

In order to obtain an elementary temporary standard certificate for teaching elementary school, a written request must be presented to the superintendent of public instruction by the superintendent of the school whose jurisdiction the teacher is to serve.

The council said the new regulation is to become effective immediately and continue in force for the duration of the present emergency. Request forms for the new certificates will be made available to county and district school superintendents upon request to the department of teacher and certification, department of public instruction, Harrisburg.

Hi-Y Club Hears

RALPH GARDNER
At the regular meeting of the New Castle Hi-Y club, Ralph Gardner, of the senior high school, spoke to the members of the club on the subject, "History of Athletics in New Castle."

His talk was well received, and the group was told of the great athletic teams of our local high school, and the athletic rules. Much pride is held for the present track, football and basketball teams, and these too were discussed.

Chapter Of Youth To Meet Wednesday

A regular meeting of the Chapter of Youth, Lodge No. 48, will be held Wednesday, April 1, at 7:30 o'clock at the Morton street club hall.

After the meeting, egg hunting will be played, and a prize will be given to the finder of the most eggs. Refreshments will be served and music will be enjoyed. Dancing will be a pastime.

How dreadful to get educated and start out to remake the world and find out that old fogies do the hiring and firing.
